

Welcome Home

Valley Fiber is coming to your neighborhood! We bring a dedicated fiber line right to your home (so your internet speeds are FAST and GUARANTEED!) Visit valleyfiber.ca/connectrural to sign up today!

You may have noticed our flags—these mark the proposed route for our dedicated fiber lines. Flagging ensures that Valley Fiber and other utilities avoid hitting important underground infrastructure.

Please make sure to notify us of any private underground infrastructure, such as power and gas lines or sprinkler systems, so our crews can avoid them.

We ask that you do not move the flags by yourself! Doing so may make you liable for any resulting damage.

If you have questions or concerns about our route, feel free to email flagging@valleyfiber.ca, or call 1-800-958-5698 ext 188.

To secure your Valley Fiber connection, a signed agreement is required.

Head to valleyfiber.ca/connectrural to sign up!
